

ADVANCED PLAYWRITING

2016 SUMMER THEATRE LAB

Have you written a play, but...

- ...you need support to develop it more?**
- ...you're ready to see what it would look like if it were staged?**
- ...you want to use your next play to try something new or different?**
- ...you want to explore different approaches to making plays?**

If the answer to any of the questions above is “yes,” then our Advanced Playwriting program is the place for you! This summer, **students in grades 7 to 12** can join Young Playwrights from July 25th to July 29th for a week of playwriting support and exploration. During this program, our advanced playwrights will:

- Come together from 10am - 4pm to get a jumpstart on their writing and/or revision process in a collaborative environment,
- Work with theatre professionals to stage portions of their play,
- and learn about the best and latest in contemporary playmaking in order to try new things and be inspired.

At the end of the week, it is our hope that every playwright will feel confident that they have a piece of playwriting that they are ready to showcase. Advanced Playwriting has a flexible structure so that playwrights at any part of their playwriting process can benefit - all we ask is that you come on the first day with a play that you are ready to work on in a fun, supportive environment!

Total tuition fee for participation: \$250*
Snacks will be provided daily

* Scholarships are available. See enclosed scholarship form for details. Please don't let the fee cause you to shy away from registering for ADVANCED PLAYWRITING - fill out the scholarship form and apply!

Participants must attend every day, Monday - Friday, from 10:00am to 4:00pm, from July 25th - July 29th. If you are interested in participating in the 2015 Advanced Playwriting program, fill out the enclosed registration and return it via e-mail to programs@phillyyoungplaywright.org, or by fax to 215-665-9228, Attn: Janine.
