

## Costume Design Challenge

### You will need...

- A writing utensil (pen/pencil and paper)
  - Colored pencils, crayons or markers if you have them
  - Blank Figure (or draw your own!)
- 

In *Love is a Cliché - In a Café*, 8th Grade playwright Claire Sun takes us to a bustling outdoor café where countless pairings of people find, lose, and sometimes even fabricate love.

**Ready to be a costume designer?** Using blank figures (below), design clothes to show the differences AND similarities between each character and cliché. For example:

- Is there a color that shows up in everyone's outfit?
- Are there any characters who would NOT wear that color? Why?

After you have designed these costumes....design YOUR perfect outfit! Express yourself! These characters may (or may not be) clichés, but YOU certainly aren't. You are unique.
