Jesse L. Jackson Jr. provides a powerful perspective on the importance of redemption, and the unique perspective of the finger of God being placed in the Constitution of the United States. The redemptive power of a president functioning in the lineage of David gives consideration for a path to a third reconstruction.

The finger of God was placed in the Constitution of the United States of America with recognition that America would have to revisit the original intent of the Founding Fathers to re-establish the high ideals of what it means to build a more perfect union for all of the citizens of our great nation.

With a Foreword written by Dr. James A. Forbes Jr., and the Afterword written by Dr. Cornel West, Jesse L. Jackson Jr. presents a perspective of the Founding Fathers worthy of spirited dialogue and reflection. *The Finger of God: In The Lineage Of David To The Presidency Of The United States* is available on www.amazon.com, www.bn.com, and www.archwaypublishing.com.
